Inventurus Knowledge Solutions Achieves ISO 9001:2000 Certification

Adherence to Internationally Recognized ISO Standards Demonstrates Commitment to Quality and Customer Satisfaction by Leading Provider of Outsourced Services

New York, September 4, 2008 – Inventurus Knowledge Solutions, Inc., today announced that it has achieved the ISO 9001:2000 Certification for operations at its facility in Mumbai, India. Inventurus obtained the ISO 9001:2000 Certification from German Accreditation Council (DAR), an official accreditation body for ISO 9001:2000 standards, for its commitment to continuous quality management and improvement of their global business process outsourcing services for the Healthcare and Legal industry segments.

ISO 9001 is a standard for quality management systems that is maintained by the Geneva-based International Organization for Standardization (ISO), and its requirements include: a set of procedures that cover all key processes in the business; monitoring processes to ensure they are effective; keeping adequate records; checking output for defects, with appropriate and corrective action where necessary; regularly reviewing individual processes and the quality system itself for effectiveness; and facilitating continual improvement. The successful ISO 9001 certification reinforces Inventurus' position as one of the leading outsourcing companies in the Healthcare and Legal industry segments.

“Achieving the milestone of ISO certification demonstrates our commitment to deliver solutions of the highest quality to our customers,” said Mr. Anuraag Srivastava, Chief Operating Officer of Inventurus Knowledge Solutions. “Our operations are now more process dependent so that we are able to deliver the services at the highest global standards for our customers. This ISO certification supports our business objectives, while reinforcing a culture of excellence. As we expand our operations globally, the ISO quality framework will assure our clients that they will continue to receive the highest quality services and consistent on-time delivery from Inventurus.”
